Our Essential Oils

Over the years we have grown to produce a variety of fragrance oils which include:

Eucalyptus Oil

Wholly derived from *Eucalyptus Globulus*, 100% organic.

Eucalyptus essential oil has the germicidal effects to ease pains in muscles, joints, helps coughs and kills bacteria in sickrooms.

Geranium Oil

Geranium oil, is described as the natural perfume, has a number of advantageous characteristics. It is a profound therapy for the emotions. Its delightful floral scent calms and soothes the mind, body, and emotions while repelling mosquitoes.

Lemongrass Oil

Wholly derived from *Cymbopogon citratus*, 100% organic.

Lemongrass essential oil is a fresh smelling oil that can be used with success for fighting jet lag, cellulite and revitalizing a tired body and mind. It is also an excellent mosquito repellent.

Patchouli Oil

Wholly derived from Patchouli oil with its subtle fragrance is used as a natural perfume and in Rehydrating dry skin.
